## WORLD LEADER FOR OVER 50 YEARS

We supply the world's largest confectionery companies, for which we produce high-quality **Biscuits for Ice Cream, Sponge Cakes and Cream Puffs**, even customised.

We constantly strive to launch innovative products on the market, ensuring a high level of quality.

This approach is reflected in the entire organisation of the production chain: we carefully select raw materials, systematically monitor technological production processes, and perform rigorous checks on finished products.

Over the years, the group has obtained numerous certifications, which demonstrate its commitment to quality management and food safety.

## AT THE FOREFRONT OF TECHNOLOGY

Our bakery products are centrally produced in **Chignolo Po**, in the province of Pavia, at a plant with three production lines featuring **cutting-edge technology**.

Our fully automated lines go from dosing micro and macro ingredients to packing cooked products, and allows us to consistently create high-quality products, so we can better cater for all types of customers, including artisans, laboratories and large companies in the food industry.

## EXTENSIVE EXPERIENCE

Being part of the **Montebianco Group** has enabled us to develop a multi-channel experience through which we now provide comprehensive consulting services to create desserts, from the design phase to the production phase of products for the bakery and ice sectors.

## EUROBISCO

Eurobisco was founded in the 1960s to serve leading ice cream manufacturers at the time. The production skills acquired by its team and the quality of its products have **allowed Eurobisco to become a leader in its market segment.**

## CHIARAVALLE

In the 1970s, the Chiaravalle brand began to produce bakery products for the confectionery industry. In the late 1970s, one of its successes was the creation of the first industrial Sponge Cake. Today, the full range includes **Sponge Cakes of different heights and sizes** and with different ingredients, as well as **a line of Cream Puffs.**

## CERTIFICATIONS

As always, the Eurobisco and Chiaravalle brands continue **to ensure excellence and the highest level of expertise.**

In compliance with current standards, we strive to stay up-to-date on certifications with the aim of providing customer service that goes beyond product quality.
